

Hello Guys,

I have genuine charity appeal for you all, please read this attachment. **Ramesh** is from my place **Venmony** and usually comes for driving our car. He is around 40 years old and has one son (9- 10 yrs. old) .wife is doing small jobs in houses. His main job is driving private cars .

Past few years he started having high blood pressure and started taking medicine for **BP**. Later came to know kidney has problems. Our normal blood **creatinine** level is less than 1.1 , his was close to 2 -3 few years ago.

Last year September 2014 when I went to India, **Ramesh** came for driving our car , he had lost lot of weight. His **creatinine** levels were close to 5 and doctors were talking about dialysis. In next few months it reached 7 to 8 and he was completely in bed. His wife is ready to donate her kidney and they were showing doctors in **Amrita** , later went to **CMC vellore** for dialysis and cross matching his wife's kidney with his. Cross match was successful. No news about transplant so far.

Transplant is a expensive and complicated treatment. Even if the kidney transplant is successful, he will still require medicine for life long and 1st year it will cost 15,000 rupees medicine per month. (attached is letter from doctor in **Amrita**) .

Local churches, committee and many others are helping him currently. So far some 3-4 **lakh** has been collected still a long way to go.

I know all are busy with family, if you could spare sometime for **Ramesh** it would be a great help for

I'm not asking anybody for a amount, please give as much you can . It can be small or big depending situation..

This is to certify that Mr.P.R Ramesh Kumar, Vakkal, Venmony is a neighbour of St. Mary's thodoe Church Venmony. He is a member of Alankava Catholic Church Venmony. Now he is suffering from severe kidney failure. At present is undergoing treatment at Christian Medical College Hospital Vellore. For kidney transplantation needs 15 lakhs. It would be very helpful for him if your kind enough to give him a financial support. He is most deserving as I know him personally for the last three years. Please consider my request favourably.

Yours in Christ.
